CHRIS OWEN - DIRECTOR OF SALES

Born and raised in the Willamette Valley, Chris has been a lifelong Oregonian and proud of his Pacific NW roots. Living in a small town, Chris became aware of the importance of small-to-medium sized businesses to the community. This early recognition helped fuel his belief that these companies are the heart and soul of the country. This passion led Chris through college at OSU and working with many companies across the region such as Precision Countertops, A-dec, and Fry's Electronics. Through these steps in his career, Chris consistently led teams that increased revenue, improved customer satisfaction and helped each company grow to new heights. Chris will be spearheading the growth of Atlas Facilities Maintenance into new markets, new service categories, and new segments. His wealth of knowledge about the industry and his uncanny ability to connect with people will be instrumental for Atlas' future success and we are proud to have him on the team!

ATLAS EXPANDS INTO CALIFORNIA

SRI LANKA FOUNDATION PERFORMING ARTS SCHOOL

The Sri Lanka Foundation is a non-profit organization located in Los Angeles, CA with the mission to promote Sri Lankan culture in the United States and globally. With the success of the COVID-19 disinfection program that Atlas provided to the St. Mary's Academy in Portland, OR, Atlas is now providing COVID-19 disinfection services to the Sri Lanka

Foundation Performing Arts School in Los Angeles, CA. This relationship represents Atlas' further expansion into the California market and our commitment to providing services to non-profit organizations everywhere. We are excited to extend our geographic reach and to work with such mission-driven organizations as the Sri Lanka Foundation.

SNOW REMOVAL SERVICE FOR THE WINTER

Winter is a stressful time for facility managers and business owners because of the need to keep their properties clean and safe during a snowfall. Snow is a big liability for commercial property owners and businesses need a plan for managing snow and ice removal. Without a plan, slip-and-fall lawsuits, vehicle accidents and lost revenue can - quite literally - have a snowball effect on a business.

**ATLAS OFFERS A
SNOW REMOVAL

A NEW VISION IN 2022 VEHICLE DISINFECTING PROGRAM

The average steering wheel is 4 times dirtier than a public restroom toilet seat, and every year Americans are spending an average of 17,600 minutes behind the wheel. This, and the risks of COVID-19 still lingering into 2022, Atlas has decided to expand its cleaning and disinfecting services with our new Vehicle Disinfecting Program. Reach out to us to find out how we can help you get your vehicle cleaned - the Atlas Way.
